X. Open Forum

a. Christopherson: Rollins society would like to voice concerns about current funding from GPC regarding this funding. If GPC intends to wane funding over the next few years, and if this comes up again, members of the Rollins society wishes to have deep important discussions about this and how important it is to graduate students.
General Assembly Meeting  
Tuesday, May 3, 2016

b. McCune: Rollins society has had 22 years to become self-sustaining, and has failed to do so.
   i. Rollins is funded too highly
   ii. The resolution that was not brought up was to wane funding over the next several years, so that they have time to become self-sustaining
   iii. The fact that they do not have to follow typical guidelines is an unwarranted privileged position

c. Bauer: To GA members who do not know what this is about… (brief explanation)

d. Christopherson: GPC provides funding for other recognition events, such as gold chalk. Rollins society funding is not unwarranted.

e. Jordan white: Most GPC inductees are recognized right before they graduate. It is not feasible to be self-funding since inducted members typically leave soon after joining. Rollins society should not be punished for this.

f. Howe: Motion to adjourn the meeting

g. Second: Dalisha Herring
