   iii. Questions – President – please talk more about budget proposal cutting these.
      1. Blake – No detail. New people are taking charge, and there could be cuts (from conversation with “Kim”). Might cut 1-3 of these assistantships. No update beyond that. Kim Dood is retiring.

      1. Kristen – that’s all the events, Halloween Party, Family friendly stuff, all big events. All the food and stuff.
   vii. Computer science – Rollin’s Society and to reduce funding?
      1. Starting in AY15-16 we agreed to reduce spending to help Rollins be more autonomous and sustainable.
      2. Alex – It was questionable that GPC was funding, due to the ethics of GPC presidents being inducted. With the
budget cuts, can we keep affording this for just 6 or so students? This will cause the society will have to figure out their own funding. Core functions of Rollins is not affected.

3. Computer Science – concerns, in principle Rollins is essentially a gold chalk award. We spend student fees on Gold Chalk, dinner and plaques. Rollins was created by GPC, it concerns him that there’s a notion that Rollins exists outside of GPC. He doesn’t believe GPC was ever in a financial bind.

   a. Theater – close discussion OBJECTION – with drawl motion

9. Christina Wang – Sounds like in the blurb that GPC coordinated with Rollins to defund them.
   a. Kristofferson – at that time Rollins wasn’t their own entity. GPC was talking with themselves.

10. Blake – Can we look at Gold Chalk award budget? [point of privilege]

11. PFP – lists Rollins’ governing structure in OrgSync.
