

GRADUATE PROFESSIONAL COUNCIL'S STUDENT OF THE WEEK

A series showcasing the talented graduate and professional students at the
University of Missouri

DILRUBA PARVIN

Ph. D in Electrical and Computer Engineering, focused on RF energy harvester design using low-power CMOS technology.

AWARDS:

- 2021 Outstanding Doctoral Student Electrical Engineering and Computer Science,
- 1907 Women in Engineering Award(2020)
- Nomination for 2021 MAGS Excellence in Teaching Award
- 2020 Grace Hopper Celebration (GHC) Student Scholarship.

ORGANIZATIONS:

- Graduate student association of EECS (GEECS),
- Bangladesh Student Association (BSA),
- Institute of Electrical and Electronics Engineers (IEEE),
- IEEE Circuits and Systems (CAS) Society,
- IEEE Instrumentation and Measurement Society,
- IEEE Power Electronics Society (PELS),
- IEEE Women in Engineering (WIE),
- IEEE Young Professionals

More about Dilruba on the
next page!

HOW DO YOU HOPE TO BETTER THE WORLD?

I aspire to build products that will make the life of people around me easier. I believe that if you can make even smaller changes in the life of people around the world, it will have a big impact around the world.

WHAT IS YOUR FAVORITE THING ABOUT MIZZOU?

To me, the most attractive feature of Mizzou is its diversity. Mizzou has got students working in majors from engineering to journalism from all over the world with different cultural backgrounds. Such a diverse environment helps to know about different cultures from all over the world. Programs such as Party Around the World helps to know about the culture, food, and people from diverse backgrounds which is an amazing experience.

WHAT IS ONE THING THAT HAS BEEN INVALUABLE TO YOUR STUDIES?

In graduate studies, having an encouraging advisor is very crucial to have the best outcome from your research. It is paramount to have an understanding relationship with your advisor so that you can discuss research problems with him/her without any hesitation.

HEAR WHAT DILRUBA'S NOMINATOR HAD TO SAY:

She is a hard-working individual with great potential. Her efforts and achievements are worthy of nominating her. She is a very caring and helpful person, whenever I am unable to come to our laboratory she always asks if I am okay. She is always there to have your back as a lab-mate and as a friend.

Know a fantastic student who should be highlighted? Fill out this form:
