WHAT IS YOUR FAVORITE THING ABOUT MIZZOU?

The opportunities that are
available for students to
pursue, and the support
system that guides us through
this incredible experience.

HOW DO YOU HOPE TO BETTER THE WORLD?

Assuming the best of people, doing the right thing even when it is not convenient, and hoping that this will encourage others to do the same.

WHY JOHN'S NOMINATOR CHOSE TO NOMINATE THEM:

John is one of the most hard-working, pleasant, professional, and cordial people I have ever met. I admire his approach to learning, to problem-solving, and many other things in life. I am inspired by John to be a better person, student, and professional.

HEAR MORE ABOUT WHAT JOHN'S NOMINATOR HAD TO SAY:

John has helped many medical students pursue research and explore specialties, including radiology, vascular surgery, and musculoskeletal. John almost single-handedly took an idea of an interest group and went through all the hoops of writing by-laws and approving the student organization at the campus and the medical school levels. Pharmacology Interest Group, PhIGis now a fully-approved student interest group that host lecturers and provides information to students.
