More about Madeline on the next page!

HOW DO YOU HOPE TO BETTER THE WORLD?

Maddie wishes to better the world by thinking large and acting local. Her primary focus is always to do what is best for her patients. Whether that means making the extra few calls to get them into clinic or studying extra hard that night to ensure she knows the best treatment plan, Maddie is dedicated to her patients. As a future physician, that primary goal I think will make her a loved and respected physician, both by her colleagues and the patients!

HIGHLIGHTED VOLUNTEER SERVICE:

- Food Drive for SICU COVID Front Line Workers, MU Health Care 2021 Surgery Interest Group (SIG), University of Missouri School of Medicine
- Women and Children's Holiday Toy Drive, MU Health Care 2020 Surgery Interest Group (SIG), University of Missouri School of Medicine
- Diabetes Clinic Manager, MedZou Community Clinic
- White Coat Lobbyist, Missouri State Medical Association

WHAT IS ONE THING YOU WISH PEOPLE KNEW ABOUT YOUR FIELD?

Maddie wants to empower other females to enter male dominated specialties, such as orthopedics. She is passionate about women in STEM and helping to fix the leaky pipeline that exists for minorities in all fields. She wants young students to know any medical specialty is possible and to always chase your dreams!

HEAR WHAT MADELINE'S NOMINATOR HAD TO SAY:

Maddie is one of the main things that has kept me sane during medical school. She truly is always there for her friends and takes the time to value her friends, even when work and studying seems endless. She knows how to balance work, studying, friends and extracurriculars. I greatly value and respect her and know she will serve her patients well.

Know a fantastic student who should be highlighted? Fill out this form:
